THE SCHOOL DEDICATED

SACRED HEART PARISH HAD A MEMORABLE DAY OF IT SUNDAY.

A CLASS OF 130 WAS CONFIRMED

School Structure Then Dedicated by Bishop Lillis, Who Lectured at Night, His Subject Being "Education."

In the presence of several hundred people, many of whom were non-Catholics, Rt. Rev. Bishop Thomas F. Lillis, of the Leavenworth, Kas., diocese, solemnly dedicated the new \$20,000 school building of Sacred Heart church, Third and Vermont streets, Sunday, it also being the twenty-fifth anniversary of the founding of the parish.

Solemn high mass was celebrated at the church by Rev. Fr. Boniface Russ, of Carthage, O., provincial of the order of C. P. S. priests, at 10 o'clock, Rev. Fr. Edward Schmidt, of

Christian Daniel and Rev. Fr. Rudolph Stoltz.

Following the close of the dedicatory services, the throng of people repaired to the dining parlors of the new building, where meals, consisting of a menu of substantial and delicacies donated by generous parishioners of the church, were served from 1 to 3 o'clock by the married and young women of the parish.

A reception committee was stationed at the entrance of the building to welcome all comers, while at different parts of the edifice a number of young ladies and young men in charge of various refreshment stands assisted in entertaining.

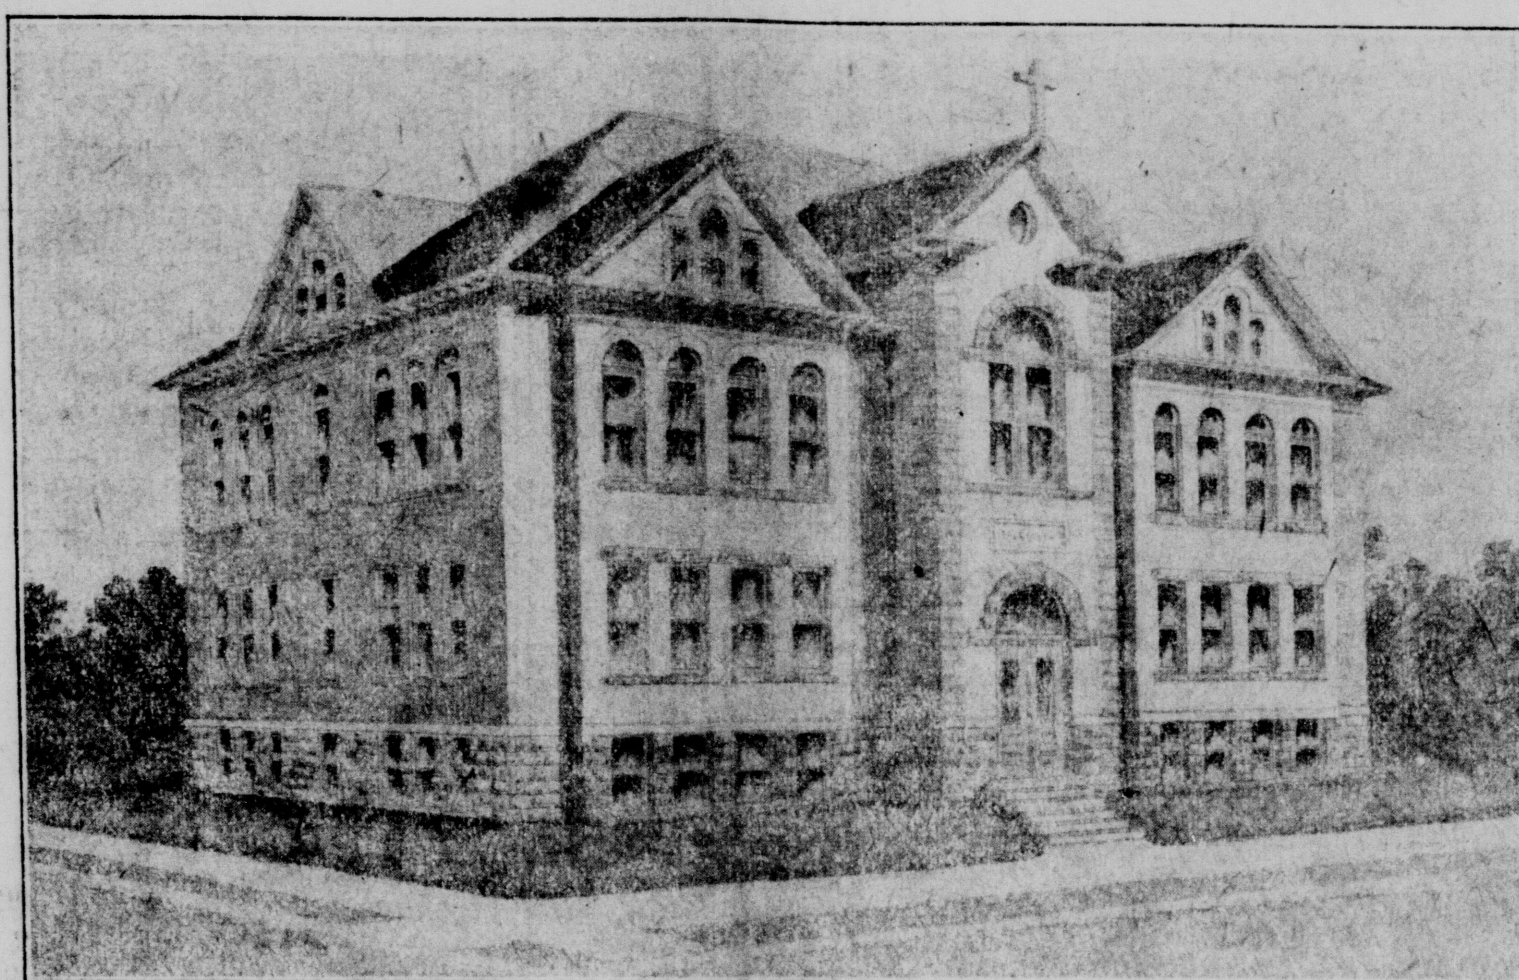

The Sedalia Military band was engaged for the services and rendered a pleasant musical program throughout the afternoon and night.

Last night, beginning promptly at 8 o'clock, a select literary and musical program was rendered, the numbers following:

Solo by quartette, composed of Thomas Hall, Edward Sauer, Carl Ifo-berecht and Andrew Knipp. Miss Amelia Lorschbach played the accompaniment.

Miss Kittie Allen, accompanied on the piano by Miss Josie Rast, char-

by the parishioners of Sacred Heart church. Clearly and decisively, with firmness and determination displayed in the features of his countenance, he referred to the principles of education as taught in the parochial and secular schools of the country.

"Sacrifices must be made," he said, and he then referred to the one on this occasion, where the members of Sacred Heart church had labored zealously to erect a school that would stand as a monument to future generations.

The speaker diverged to the subject of "Divorces," and intermingled his talk by presenting figures furnished by careful statisticians, who say in their reports that yearly 75,000 couples are divorced in this country. The speaker said:

"Seventy-five thousand homes destroyed and 150,000 divorced people thrown out into the world every year. What good are such people to society?" the speaker inquired. "Our orphan asylums are filled with children whose homes were destroyed by divorce. For almost any trivial cause men and women rush to the divorce courts and apply for a decree that they might again enjoy single bliss."

"Our legislators, jealous of the privilege of South Dakota and its divorce laws, pass laws granting divorce for various causes. It is true that a majority of the judges of our country prefer refusing to grant divorces, but there are the laws providing for the different cases and they must be adhered to."

"A rich man desiring another wife consults his constituents and then enters the legislature. Having enjoyed the privilege of possessing two wives, he thinks his neighbor should enjoy the same privilege, and he passes laws providing that his neighbor also shall have a second wife, for almost any trivial cause."

The speaker then spoke on the subject of "Socialism." He referred to that class of people as those who advocate strife and discord between employer and employee and bitterly denounced the principles of that political body.

In concluding his remarks Bishop Lillis said: "The child of today is the man of tomorrow, and as we educate the child now so will the man be in the next generation. The father of his country, George Washington, said, 'Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports.'"

"We know religion is essential for man under all conditions of life. Otherwise the Savior would not have endured so much to have His religion prevail and established in the hearts of men. The mind and heart are to be trained simultaneously, and principles of religion are necessary to the formation of a strong and virtuous character."

"There is a trinity of agencies that must work in harmony if we hope for the perpetuity of our institutions. The home, the church and the school are to combine their endeavors and influences on the mind of the child. Education without religion must, of necessity, be incomplete, and sooner or later the people of our country will realize that religion must take a prominent place in the school room."

"Religious training during the school hours will not remedy all our disorders. But surely we can have more hope when he know religion is not forgotten."

"The wounds of society are to be healed by the same remedies that were

FOUR DEAD IN A WRECK

HEAD-END COLLISION ON THE M. K. & T. AT 5 O'CLOCK THIS MORNING.

SAID AN OPERATOR IS TO BLAME

Trains Met Near Evansville, on Hannibal Division, and Two Engineers, Fireman and Brakeman Are Killed.

Two Missouri, Kansas and Texas freight trains collided at 5 o'clock this morning near Evansville, a town eight miles north of Moberly, on the Hannibal division, and four members of the two crews were killed.

It is said the negligence of the operator at Paris, Monroe county, who failed to hold the southbound train there, was responsible for the wreck.

Engineer Winnegar and Conductor McLaughlin were in charge of the southbound train.

The northbound train consisted of an engine and caboose only, in charge of Conductor Curran and Engineer Bledsoe.

Engineers Winnegar and Bledsoe were killed, as was also a brakeman and fireman named Wilkerson and Schroeder, respectively.

The dead engineers lived at Hannibal and have families.

The fireman and brakeman lived at New Franklin, but it is not known whether they were married.

Engineer Winnegar ran out of Sedalia several years ago as a fireman with Engineer John Dandy. He was promoted some time ago, and since then has been running out of Hannibal.

Engineer Bledsoe was also a fireman out of Sedalia for a short time, but nothing is known regarding the two other dead men, Messrs. Wilkerson and Schroeder.

An Associated Press telegram to the Democrat-Sentinel gives the following in regard to the collision:

"A freight and work train on the Missouri, Kansas and Texas railroad collided head-on two miles east of Moberly early today. Four members of the crew were killed and two seriously injured."

"The dead: Engineer Winnegar, of Hannibal; Engineer Bledsoe, of Hannibal; Charles Wilkerson, a brakeman, of New Franklin; Fireman Schroeder, of New Franklin."

"Seriously injured: Conductor Curran, of New Franklin; Brakeman Gibson, of New Franklin."

"The trains were running at a high rate of speed and met on a curve. Both engines were badly wrecked."

"The blame is laid on the operator at Paris, who, it is alleged, mixed his orders."

Conductor Curran is a son of Henry Curran, who resides in East Sedalia, and is well known in railway circles.

THE MINISTERS' ALLIANCE

An Interesting Meeting Was Held This Forenoon.

The Ministerial Alliance held its regular meeting this morning in the study of the First M. E. church, the

session held proving a most interesting one.

Several visitors were present and made short talks, among them being: Prof. Lhamon, of Columbia, Mo.; J. B. Bollman, of Kansas City, representing the Society for the Friendless; Dr. G. L. Shepard and Mr. Moon.

Prof. Lhamon spoke on "Immortality and Criminality Among Young Men," delivering a forceful and well arranged address on the subject.

Dr. Shepard made a few remarks on Sunday school work, and Mr. Bollman addressed the ministers on behalf of the society he represents.

A general discussion of topics of interest to the Alliance brought the meeting to a close.

POSSESSES REBATE EVIDENCE

Government's Attorney, It Is Said, Will Surprise Standard Oil.

New York, Sept. 23.—It is understood that Frank B. Kellogg, the government's attorney in its suit to dissolve the Standard Oil company of New Jersey, has important evidence in his possession bearing on the alleged relationship between the railroad rebates and the profits of the corporation during the last eight years. This will come as a surprise to the company.

It is also said that this phase of Kellogg's case is being reserved until the line of questioning pursued during last week is finished. To back his evidence Kellogg has had subpoenas served on several prominent railroad men.

QUARANTINE AT LAMONTE

Death From Diphtheria Closes Schools and Churches.

Another case of diphtheria developed at Lamonte Sunday and the city board of health has placed three houses under quarantine regulations, the public schools have been ordered closed and all church services and public meetings prohibited for two weeks.

A revival meeting, which had been conducted by the Rev. R. Tibbs Maxey, of Des Moines, Ia., at the Christian church here for one week, was ordered closed.

TWO KILLED IN RIOT

Races Clash at Indian Territory Street Fair.

Hartshorne, I. T., Sept. 23.—In a race riot here Saturday night one young white man, named Johnson, was killed instantly by a negro, and a young negro from Tishomingo, an innocent bystander, was killed by a white man.

Hartshorne is a mining town, fifteen miles east of McAlester. It has a population of about 2,000.

A street fair was being held, and a quarrel started between some negroes and white boys on the principal street.

HOME FROM PHILIPPINES

Extract From a Letter From Earl Mathis to His Parents.

Earl Mathis, son of Rev. and Mrs. G. W. Mathis, just home from the Philippines, and now at Fort Crook, Neb., writes as follows to his parents:

"Dear Ones at Home: I have occurred.

landed in the United States again. San Francisco didn't look as it did when we left it, over four years ago. "We left the Philippine Islands August 15th and landed in Japan August 20th. We were at sea for thirty-one days.

"The sea was quite rough for some days. We didn't know whether we would land on the home side or not. "I am now flying on the train for Fort Crook, Neb. My time will be up in December, so I will be home after four years to eat turkey. Love to all.—Earl."

The Work of Vandals.

Vandals entered a vacant house owned by C. I. Wilson, 212 East Third street, some time last week, and carried away some bath tub fixtures, and also a number of electric light bulbs. Entrance to the vacant house was gained by breaking the lock on a rear door.

The damage done, and loss by breaking the fixtures on the bath tub, amounts to about five dollars.

PRISON WORKER IS HERE

THE REV. J. B. BOLLMAN, OF THE SOCIETY, "HOME FOR THE FRIENDLESS."

MOTTO; HELP A MAN WHEN DOWN

It Has Aided One Hundred Men in Missouri the First Six Months This Year—Supported Entirely by Gifts.

Rev. J. B. Bollman, of Kansas City, the well known prison worker, is here for his fourth annual visit.

He made addresses in four of our local churches Sunday, and will speak in other churches next Sunday.

Mr. Bollman is a welcome visitor among the churches, schools and colleges, homes and places of business wherever he goes in the state.

The humane, practical and Christian work of the Society for the Friendless is becoming well known in the middle west. This organization is the "first friend" of the ex-convict. "Help a man when he is down" is the motto. This society has aided 100 men in Missouri during the first six months of this year.

More than 500 from the prisons of the two states, Missouri and Kansas, have been assisted by finding employment, homes, working clothes and medical treatment, and not over 10 or 15 per cent have returned to their old ways or gone back to prison.

The organization urges through legislation the juvenile court, the parole system and the wage law. The superintendents reach many thousands of young people each year with helpful teachings concerning the prevention of crime. Effective evangelistic work is done in jails, workhouses, reform schools and prisons. The movement is supported entirely by the gifts of the people.

Mr. Bollman will remain in Sedalia until noon Wednesday. He is rooming at 414 East Fifth street, at the home of R. B. Evans.

TO RUN SHUTTLE TRAINS

The Speed Ordinance Question Was Settled Long Ago.

A railroad official stated today that the two local railroads will undoubtedly run shuttle trains during the week of the state fair.

The speed ordinance has been arranged so that there is no complaint upon the part of the railways.

The only question at issue was the reduction of the fare to two cents a mile.

The reduction does not apply to the fair grounds line, Attorney General Hadley says, so it is safe to presume that shuttle trains will be run this year, just as they were last year.

ASSAULTER IS CAPTURED

Farm Hand Who Attacked 13-Year-Old Girl Is Caught.

Denver, Colo., Sept. 23.—Alvin Hart, who is wanted in Manhattan, Kas., on the charge of criminally assaulting the 13-year-old daughter of a farmer living near that town, was arrested here yesterday and will be turned over to Sheriff Hobbs, of Pottawatomie county. Hart was employed by the father of the girl when the assault occurred.

DR. GEIL IS IN SEDALIA

WILL LECTURE AT THE FIRST CHRISTIAN CHURCH TONIGHT.

"CANNIBALS BEFORE AND AFTER"

The Man Who Went Further Into "Darkest Africa" Than Did Either of the Explorers, Stanley or Livingston.

The only man in all Christendom who is fond of cannibals is in Sedalia today. He is Dr. William Edgar Geil, who is to lecture at the First Christian church tonight on the "Cannibals Before and After." He arrived in town this morning and was soon located by a Democrat-Sentinel reporter at the Antlers hotel, and the interview which followed was one of the kind which leaves the "champagne taste of delight" which remains long after the words have stopped.

Here is a fearless, stalwart man,

DR. WILLIAM EDGAR GEIL, Who Lectures at the First Christian Church Tonight.

who has actually been where the cannibals boil men and where the savages enjoy a meal of fried infants on toast.

It was not a man broken down with travel that greeted the reporter, but a man of powerful proportions, in the prime of his life and the characteristic of unlimited activity bespoke itself, when the "big fellow" grasped hands and said, "Have a chair." But he is a speaker of the fullest magnetic powers can be most definitely concluded by a minute's talk with this man of travel.

Dr. Geil made a three thousand mile journey into darkest Africa

and is the man who first discovered that Pygmies and Dwarfs are separate and distinct races. Therefore the first question asked by the reporter was:

"What are Pygmies like?" "They're small," said the explorer, but the twinkle in his eyes betrayed that he did not think the subject exhausted with that. Then followed a story of travel.

"While traveling along the line of the equator," said Dr. Geil, "I saw many strange sights. I'm fond of

Lake Creek, acting as deacon, with Rev. Fr. Reitz, formerly of this city, but now of St. Joseph, as subdeacon. The morning sermon was delivered by Rev. Fr. Benedict, of St. Joseph, who highly commended the parishioners of the church for their active interest in erecting a building that will stand as a monument to their credit for many generations to come.

After the celebration of the mass, Bishop Lillis delivered a forcible talk on the sacrament of confirmation, comparing it with that of the sacrament of baptism, wherein infants, through their sponsors, denounce Satan with all his pomp.

After the interesting talk a class of one hundred and thirty children and adults were confirmed by the reverend bishop, Mr. and Mrs. Joseph Lennartz standing as sponsors. Following this the class that had been confirmed, followed by Bishop Lillis and the visiting priests and a crowd of several hundred, marched to the new school building, where the usual dedicatory ceremonies were carried out, Bishop Lillis, assisted by the following priests conducting the services: Rev. Fr. Boniface Russ, of Carthage, O.; Rev. Fr. Benedict Boomer, of St. Joseph; Rev. Fr. Edward Schmidt, of Lake Creek; Rev. Fr. Theobald Reitz, of St. Joseph; Rev. Fr. E. R. McNamee, pastor of St. Patrick's church, this city; Rev. Fr. Neiberg, pastor of Sacred Heart church, and his assistants, Rev. Fr.

ance, and began his talk by saying that several weeks ago he was asked by the pastor of Sacred Heart church, Rev. Fr. Neiberg, to confirm a class here on September 22. He replied that he would.

A second letter asked him to dedicate the new school building. A third letter asked that a lecture be delivered. To this the reverend bishop did not reply. A second letter asking the same favor was received soon after, and to this he did not reply. The next letter received asked what would be the subject of his lecture. To this he replied, "Your letter received: good-bye."

The next information received was a card stating that an address on "Education, the Base of Good American Citizenship," would be delivered by Rt. Rev. Bishop Thomas F. Lillis, of Leavenworth, Kas.

"That's how I know what I am to talk about," the reverend bishop humorously remarked, and a burst of laughter went up from the audience. For almost an hour Bishop Lillis delivered one of the best, most forcible and to-the-point talks ever heard

THE HARVESTER TRUST.

The harvester trust makes the bulk of the agricultural machinery of the country, practically all the harvesters. It has many factories in different parts of the country, having organized them under one company. The trust, however, fixes the prices on the output of every factory, and it is charged, pursues the same tactics that are charged against the Standard Oil—undersold independent manufacturers and forced them out of business. It is also charged that in addition to absolutely choking off competition, the trust sells its products in foreign countries, after paying steamship charges, at lower prices than in the United States.

The legal machinery of the department of justice has been at work for months collecting information against the trust, and the information has been put in such shape and secured in such quantity as to warrant proceedings.

The government in its suit will attempt to prove that the International Harvester company controls at least 70 per cent of the output of reapers, mowers and other agricultural implements in the United States and that it is violating the Sherman antitrust law.

That many farm implements have been sold in South America and even in Africa at less than the price paid by the home buyer at the factory door has been many times proven. Since the harvester combination has formed there is an almost complete lack of that brisk competition for American business which was at one time a notable feature of the implement trade. It is believed that the government should be easily able to prove that this trust is a flagrant offender against the laws.

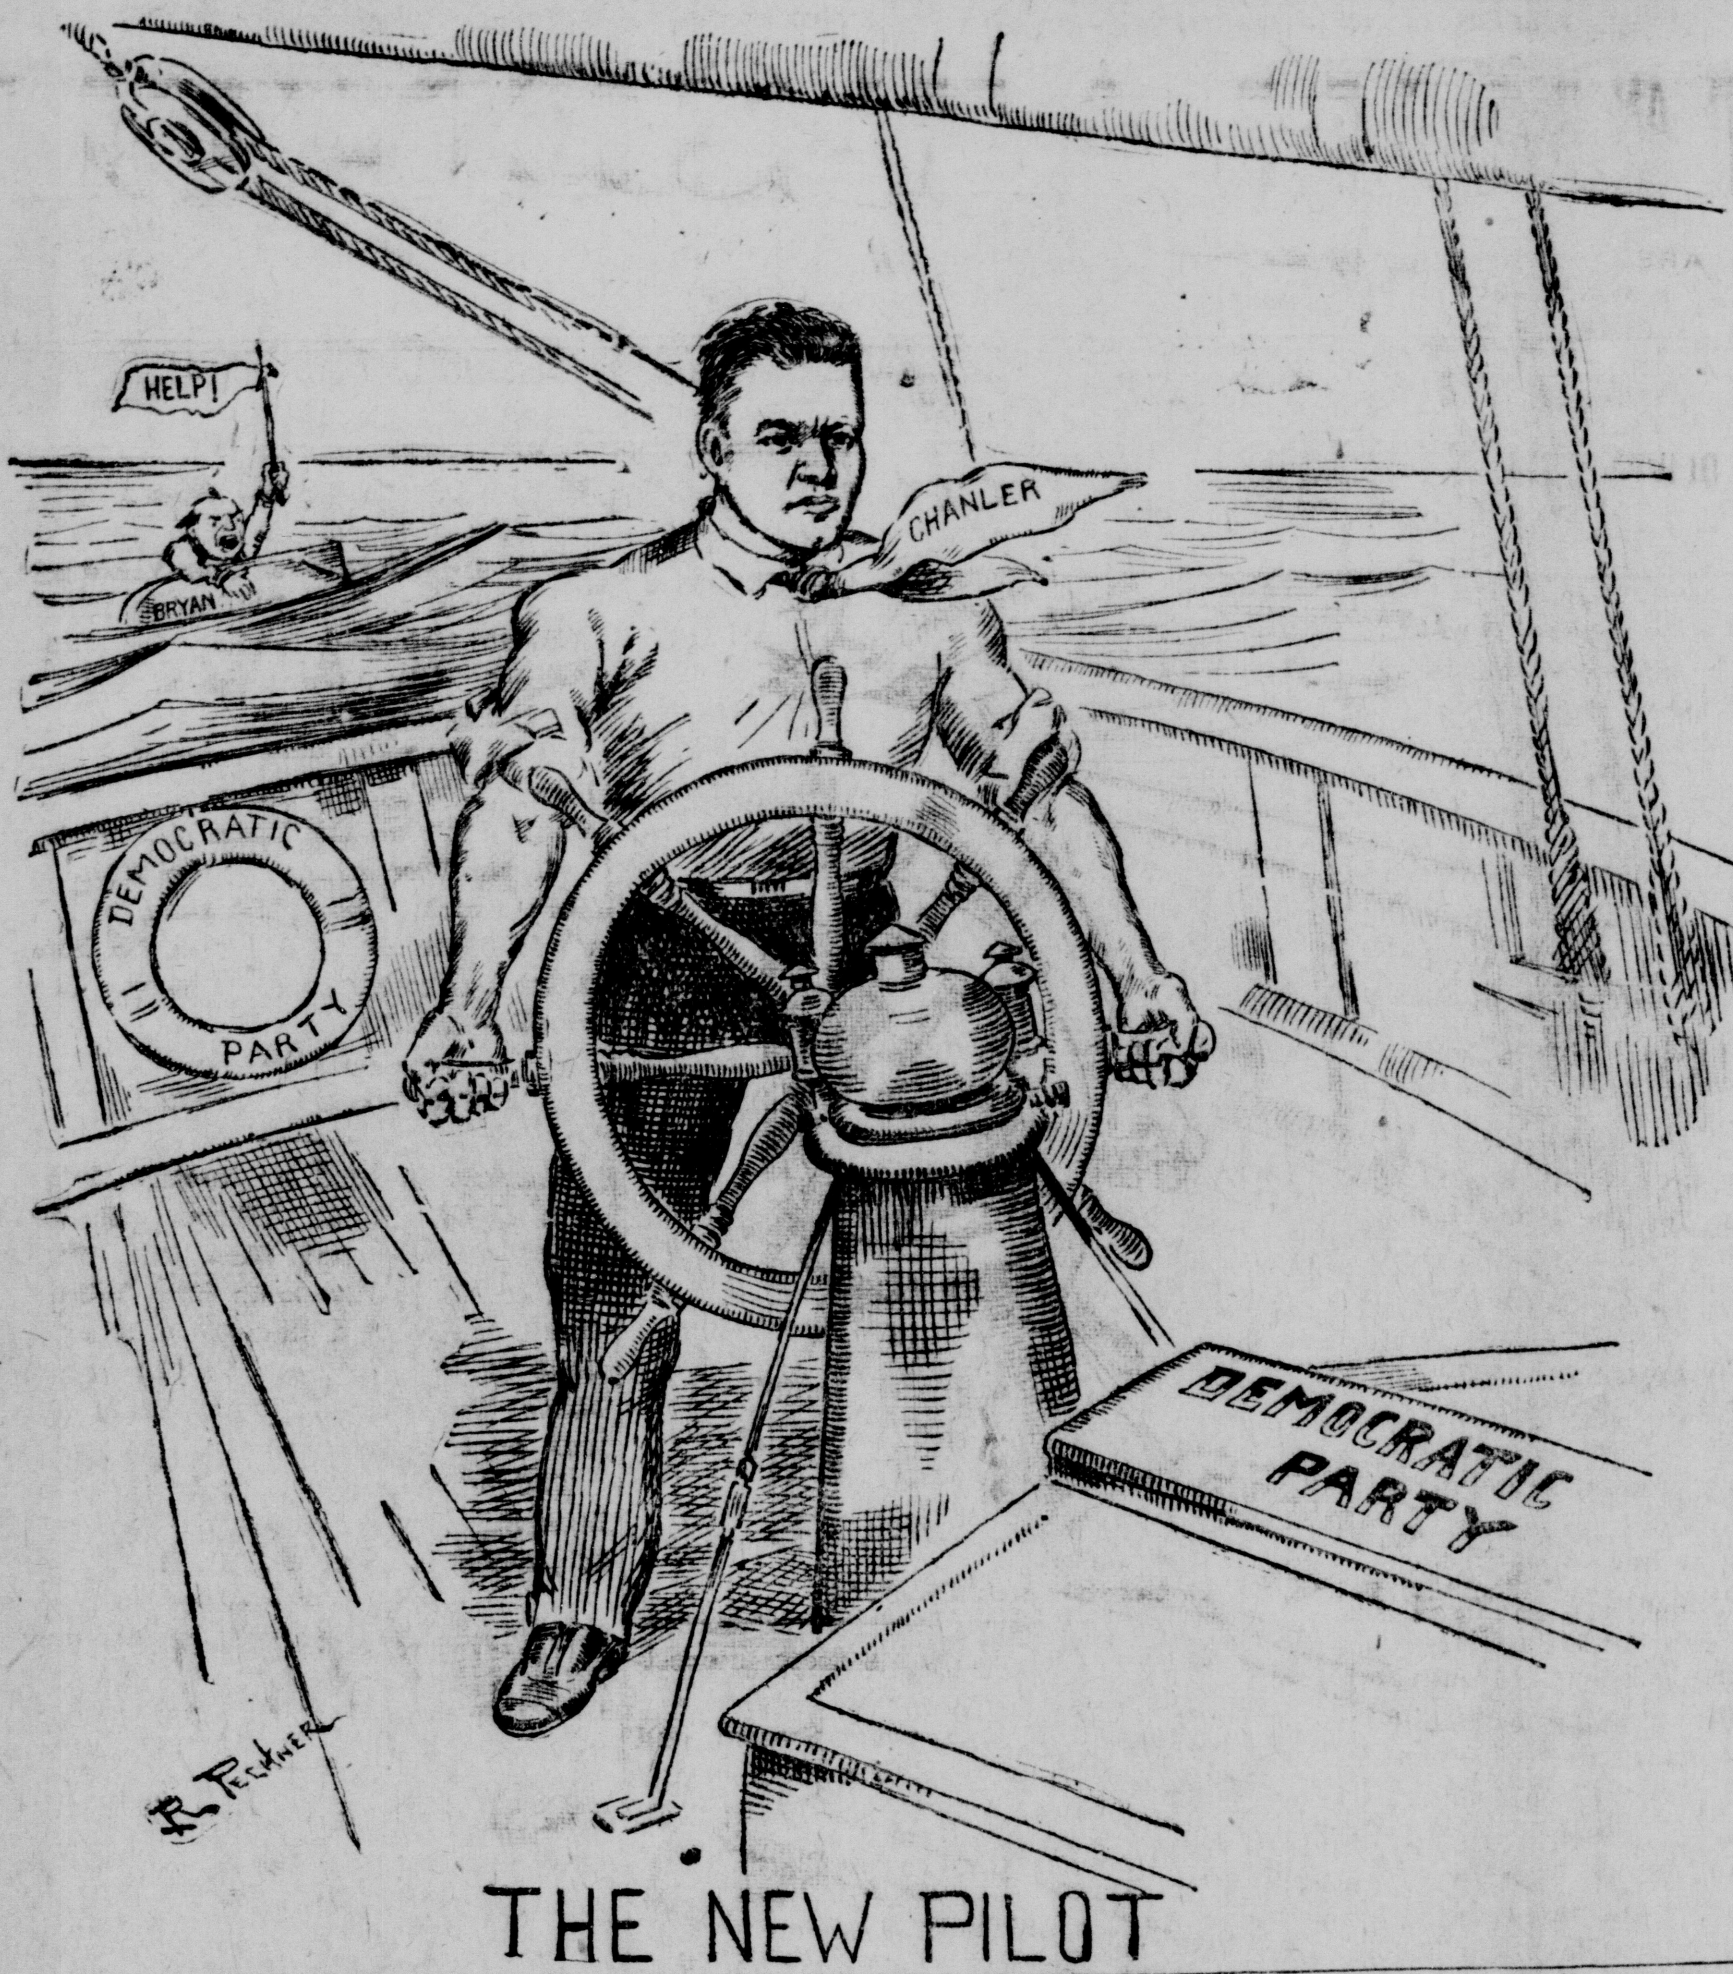

RAILWAYS SEE LIGHT.

The western railroads have come to the conclusion that it is the best policy to consider the convenience of the traveling public, no matter what legislation is passed by the state against the railroads' interests. At a general meeting of the officials in Chicago recently this feeling was manifested by the tenor of the recommendations submitted by a special committee, recently appointed by the Western Passenger association. Several of the recommendations, if adopted, will greatly add to the convenience of the traveling public.

Probably the most important of the recommendations is that which provides for an interchangeable excess baggage book to be placed on sale in all western territory. The committee also reported in favor of putting on sale in eastern territory, which is between Chicago and the Missouri river, an interchangeable 3,000-mile mileage book at a flat rate of 2 cents a mile. It is also recommended to put on sale a 1,000-mile mileage book at a flat rate of \$20, the book to be an individual system book and not good off the lines of the road issuing it. The committee further recommends the withdrawal from sale of all credential forms of tickets which have become unsaleable because sold at higher than the legal rate in the various states.

ATTACKS THE KAISER.

Word comes from Berlin that the authorities there have prohibited the sale of Upton Sinclair's book, entitled, "The Industrial Republic." The action was taken in pursuance to the

law concerning insults to the German emperor.

In his book the author describes the Kaiser as "a degenerate * * * who proclaims himself by the grace of God the lord and master of the German people."

He then passes on to the hide-bound medieval nobility of the empire, the direct descendants of robber knights, and the "aristocracy of the army, whose insolent and dissolute officers beat, kick and maim the helpless country boys and artisans under their command."

No less poignant are his criticisms of the "bigoted Protestant church, with its snuffy county parsons," and "the Roman Catholic church, with its confessional and other agencies of darkness," while of the "reptile press," he says that its opinions are written and its news garbled by "knavish bureau officials." Oh, but Upton is the peevish one.

This attack on corporations is getting to be something serious. Something has got to be done. Wall street men are selling their autos and riding in street cars just like every day folks. Does Roosevelt know how he is making the might classes just as common as the masses?

Gasoline has advanced a quarter of a cent a gallon recently in spite of opposite assurances from the Standard Oil magnates. Within a year the net increase in the price of gasoline has been 2 1/2 cents a gallon.

"Where will a woman stop?" asks an exchange, to which the Fort Dodge Chronicle replies: "Usually before any window where 'Was \$7, now \$6.98.'"

SEDALIA DID WELL

In Entertaining Federation of Labor Delegates.

The citizens of Sedalia did themselves proud in the manner in which they entertained the delegates to the Federation of Labor convention, says the Hannibal Journal.

The meetings were held in the court house, which was nicely decorated in honor of the occasion. The social features of the meeting included a trolley ride to the Katy and Missouri Pacific shops and an inspection of the state fair grounds on Monday afternoon.

On Wednesday evening a smoker was given, at which the Second Regiment band was in attendance and furnished music. It was one of the most enjoyable "sessions" of the convention.

There are a great many people who have slight attacks of indigestion and dyspepsia nearly all the time. Their food may satisfy the appetite, but it fails to nourish the body simply because the stomach is not in a fit condition to do the work it is supposed to do. It can't digest the food you eat. The stomach should be given help. You ought to take something that will do the work your stomach can't do. Kodol for indigestion and dyspepsia, a combination of natural digestants and vegetable acids, digests the food itself and gives strength and health to the stomach. Pleasant to take. St. Louis, Sept. 23.—Negotiations by which the Mercantile Trust company absorbs the Missouri-Lincoln Trust company were practically completed shortly after midnight, according to the statement of Charles Hamilton, treasurer of the Missouri-Lincoln Trust company.

The directors of both concerns met in their respective offices Saturday night and conferences lasted almost continuously until after 11 o'clock last night, when the Mercantile Trust directors went to the office of the Missouri-Lincoln company and the final arrangements by which the latter company becomes the property of the former were practically consummated.

The transfer is one of the largest to be completed in financial circles in many months. The deal was made on a basis of one share of the Mercantile's stock for one and one-half shares of the Missouri-Lincoln's stock. This would amount to about \$120 a share for the Missouri-Lincoln's stock, or \$5 more than was reported offered by the Commonwealth Trust company last week.

It was rumored a few days ago that the Missouri-Lincoln Trust company had closed a deal with the Commonwealth, but the directors denied the

The transfer of the Missouri-Lincoln's stock to the Mercantile Trust will, it is said, cut down the working forces of the two companies, and a number of the employees of the two institutions will be thrown out of employment. It is understood the most competent attaches of the two companies will be retained as soon as the affairs are settled up, and the others will have to seek employment with other companies. It is not known at present how many men will be affected by the transfer, and the directors of the Mercantile Trust company were not able last night to make an estimate.

A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause.

Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff, and, in time, will just as surely cause baldness.

It's microbial infection, nothing more nor less.
Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

Queen Mary's House for Sale.

From time to time most interesting historical relics come before the public through the medium of the auctioneer. The latest example of this is Queen Mary's house in Jedburgh, Scotland, and some old tapestry which it has contained.

Jedburgh, according to Mr. James Tate, had a strong castle at the highest part of the town, and some of the mansions were in the form of bastle houses, the defensive character being requisite as a protection against English invaders. Of these houses the most interesting specimen now remaining is one in which Queen Mary lay sick for some time after her ride of 50 miles over moor and moss to visit Bothwell at Hermitage castle, where he had been wounded by the banditti of Liddesdale. It is this house for which offers are being invited.

The bed occupied by the queen at the time of her illness is now at Abbotford, having been presented to Sir Walter Scott. The tapestry which covered the walls of the room is said to have been worked by three court ladies while they waited for the recovery of their sovereign.

SHAKE-UP IS TALKED OF

REFERENCE IS MADE TO DR. D. M. SHIVELY'S WESTERN BASE BALL ASSOCIATION.

TOPEKA AND WICHITA TO DROP OUT

If George Tebeau Can Be Tabooed the Two Kansas Cities May Be Admitted Into the Western Baseball League.

With the close of the 1907 championship series of the Western association Sunday, Sept. 22, the hopes of the Topeka and Wichita fans will again turn to a berth in the Western league, says the Wichita Eagle. Although this was a talk-of proposition three years ago, it appears to be no nearer adjusted than when first spoken of.

There has been a persistent rumor for the past two months that affairs of the Western association and the Western league are already slated, and there will be a radical change in both organizations next year. At least two and probably four of the Western association cities will be included in the new organization.

In an interview with President Shively a few days ago he gave out the information that there is a radical change scheduled for the Western association, but would not explain just what change was to be made.

Concerning the Western league probabilities, he gave out the information that George Tebeau was the key to the proposition.

"With Tebeau out of it," says Shively, "we can do something. As long as he stays a magnate in the Western league matters will remain as at present."

It has long been known as a fact that Tebeau has thwarted all attempts to gain admission for the Western association cities by compromise. He is reluctant to give up the two Colorado cities, Denver and Pueblo, in which he owns large stock.

When seen at Kansas City George Tebeau said:

"There is no deal fixed as far as I know. It is probable that Topeka and likely Wichita will be with us next season. Further than this I do not care to discuss."

As Shively and Tebeau are enemies, it is unlikely that a compromise between the two leagues has been made, although there is a rumor that a big change will take place at the meeting of the Western association in November.

Concerning the cities to take the places of Springfield and Leavenworth next year, Shively hinted that the cities of Enid and Atchison looked favorable. Besides this, Independence and Tulsa are pleading for a try with bigger company.

CONSTANTINE CONVICTED

Sentence the Punishment for Mrs. Gentry's Murderer.

Chicago, Sept. 23.—Frank J. Constantine was found guilty of the murder of Mrs. Arthur Gentry by a jury Judge Kavanaugh's court Saturday night. His punishment was fixed at imprisonment in the penitentiary for life.

The case went to the jury shortly at 9 o'clock. Assistant State's Attorney Robert Holt concluded his argument by asking that the penalty of death be passed upon the defendant. The jury retired. Two hours and a half later the verdict reported.

The defense of Constantine ended an appeal by Attorney Robert Holt. Mr. Holt then began his case, but was interrupted an hour by adjournment of court until morning. The prosecutor described Constantine as a "vain popinjay," a chief delight was to "make an ass out of women," who would tell the truth about little things, who was not entitled to believe it came to manufactured evil to clear himself.

DEAD MAN NOW ACCUSED

OF THE MURDER OF GOVERNOR WILLIAM GOEBEL, OF KENTUCKY.

AFFIDAVIT OF MRS. LULU CLARK

The Man Who is Charged With Having Committed the Crime is Supposed to Be Some Place in China at Present.

Richmond, Ind., Sept. 23.—Turner Igo, of Farmers, Rowan county, Ky., is charged with the killing of Governor Goebel, of Kentucky, in an affidavit by Mrs. Lulu Clark, which was published Saturday by the Richmond Item. The affidavit was sworn to last April in the law offices of former Gov. W. S. Taylor, of Kentucky.

Mrs. Clark, whose maiden name was Williams, lived, at the time of Goebel's murder, at Mount Sterling, Ky. Her cousin, Miss Gertrude King, according to the affidavit, was "keeping company" with John Sanford, son of an attorney who was killed by William Goebel in a fight in Covington, Ky., some years ago. The fight was the result of a political quarrel.

Mrs. Clark swears that on the day Goebel was murdered she and her cousin, Miss King, went to Frankfort, Ky., and that they started to enter the Statehouse by the rear entrance. While on the steps a shot was fired. They noticed a man standing just inside the door, whom they recognized as Sanford. In a minute a second man came running out of the building, dressed as a mountaineer and carrying a rifle. He ran to Sanford and said: "I got the man." The man was recognized as Turner Igo by the affiant. Both men ran out of the building, where Sanford gave a pair of shoes to Igo, who exchanged his boots for them. The men then disappeared.

The affiant states that Igo told her at the Mount Sterling depot on June 15, 1906, that he was going to kill Goebel, and that she saw him afterward at Jeffersonville, Ind., and that he reminded her that he had fulfilled his promise.

She also says that Sanford had told Gertrude King a few days prior to Goebel's murder that he intended to kill Goebel, saying, "Here is my chance to get revenge. The legislature has met."

The Evening Item also publishes correspondence between Caleb Powers and the persons who secured the affidavit, and afterward investigated its allegations for verification, showing that the expenses for the information gained were paid from the Powers defense fund.

Alleged Slayer of Goebel Dead.

Farmers, Ky., Sept. 23.—Turner Igo, who is charged by Mrs. Lulu Clark with the assassination of Gov. William Goebel, is dead. Samuel Igo, a cousin of Turner Igo, said:

"Turner has been dead three or four days. At the time Goebel was killed he may have been at Frankfort, but I never heard any hint of his acquaintance with Sanford or that my cousin was ever connected, even remotely, with Goebel's death."

Samuel Igo had never heard of the woman who made the affidavit.

Woman's Charges Long Known.

Indianapolis, Ind., Sept. 23.—W. S. Taylor could not be found to verify the statement in the dispatch from Richmond.

The Clark woman formerly lived here and was a brakeman's wife. They were divorced two years ago. Three years ago Mrs. Clark told her story of the Goebel murder to an Indianapolis newspaper man, who carried it to Gov. Taylor, who took her deposition.

The story was not published, as Gov. Taylor feared publication at that

time might make verification impossible, and he hoped to locate the woman who was with Mrs. Clark.

Preliminary to the first trial of Caleb Powers friends of the secretary of state had sought to establish the fact that John Sanford was in Frankfort on the day of the shooting, but efforts to establish this failed.

Sanford Threatened to Get Even.

Cincinnati, Ohio, Sept. 23.—The John Sanford mentioned in the Richmond, Ind., dispatch is a son of the late Attorney Sanford, who was killed by William Goebel. Goebel was acquitted, but young Sanford was many times quoted as threatening to "get even," and has even been suspected of the murder, although direct evidence has been lacking.

His mother, wife of the dead man, is at present in a sanitarium, her mind having given way under the strain. Young Sanford has not been at home for about two years. He is understood to have gone to China and is now somewhere in the far east.

What Caleb Powers Says.

Lexington, Ky., Sept. 23.—Caleb Powers admitted Saturday night that his defense was to have been that John Sanford had Goebel murdered to avenge the murder of his father.

Mrs. Sanford, insane from the murder of her husband, continually declares her son killed Goebel.

STEAL OF AN INVENTION

OFFICIALS ARE ACCUSED OF ROBBERING A MAN OF HIS DEVICE.

SECRETARY OLIVER ONE OF THEM

A Petition Forwarded to President Alleging Crooked Work on Part of Gen. Humphrey and Other Department Officials.

New York, Sept. 23.—A petition presented to President Roosevelt by citizens of New York city Saturday on behalf of Capt. F. W. Irvine, of Woodcliffe Lake, N. J., inventor of the automatic safety life boat handler used in government transports, has revealed conditions of affairs in the war department that spells graft and a very unsavory mess for the acting secretary of war, Robert S. Oliver, former Quartermaster General Charles Humphrey, Marine Superintendent Capt. W. E. Nye, Congressman Thomas, of Niles, Ohio, Major Rathburn, of Cuban postal frauds fame, and John P. Carrothers, confidential wire puller for Senator Foraker.

It is alleged in the document that Carrothers, Thomas and Rathburn illegally manufactured the inventor's patented appliance in Congressman Thomas' foundry at Niles, Ohio, and sold eighty of them to the government for \$700 each.

The inventor previously offered to make them for \$300 each. It is also alleged that when the inventor tried to stop the deal by appealing to Secretary Taft, Acting Secretary of War Oliver asked him to desist and promised to try to obtain justice for him.

It is also alleged that Quartermaster General Humphrey, who retired in July, sent Capt. Nye to Capt. Irvine and asked him not to prosecute his protest, because it would prevent his, Humphrey's promotion.

Capt. Nye likewise said he was empowered to ask what there would be in it for Quartermaster General Humphrey if he would take the contract away from the Carrothers crowd and give it to Irvine.

At the suggestion of Barcus and Hallam, of New York and Washington, Irvine at one time permitted the promotion of a preliminary company to manufacture and sell the appliances.

Five thousand dollars worth of common stock of this company was presented to the marine superintendent, Capt. W. E. Nye, to induce him to install the appliances on government vessels.

According to President Capt. James F. Lewis, the stock is in Nye's name on the books of the company and he has acknowledged he paid nothing for it.

After Capt. Irvine's repeated unavailing efforts to get satisfaction from the war department, E. M. Lyman, of Park Ridge, N. J., who is intimately acquainted with the president and who sympathized with the inventor, tried to reach Mr. Roosevelt, but was turned away by Secretary Lee.

Since then he has made several ineffectual efforts to reach the president, but has been balked by the secretary every time. The petition is signed by many citizens of New York city and by his neighbors in New Jersey.

ARE HOME FROM EUROPE

Mr. and Mrs. P. G. Stafford Were Absent Four Months.

After an absence of four months in making a tour of Europe, Mr. and Mrs. P. G. Stafford arrived home Sunday morning and are being greeted heartily by all their friends.

Sailing from New York on June 13, and, returning to New York on the Lucania, of the Cunard line, September 13, not a single mishap or any unpleasant experience was had.

On leaving New York Mr. Stafford and wife went first to Naples, Italy, and visited several other places in matrician. He was taken over the road for a while as a "marvel." There was no question in adding, subtraction, multiplication or algebra that "Rube" couldn't answer offhand. But his powers are fading now, though he can still mentally multiply into the thousands. But when it comes to larger numbers something is lacking.

"I guess the old man must be losing out," he said as he sat in the holdover this morning. "I guess I must be forgetting. I can't do problems in my head like I used to."

There was a time when "Rube" wore good clothes and lived nicely, but that time is past now. Every day he can be seen sitting on the steps of the city hall or on the doorstep of some North End saloon. He has little to say to the other "derelicts" that drift past him every day. Perhaps he is thinking of those days when he was the "human wonder."

WENT TO FLAT CREEK

And Ate Clams Served By Klu Klux Klam Klub Sunday.

Fifty members of the Klu Klux Klam Klub enjoyed an old-fashioned Rhode Island clam bake given Sunday at Thatcher's ford, on Flat Creek.

The bake was put on in elegant style by a corps of experts at preparing the clams, and when served was partaken of with much relish by the entire assemblage.

The Klam Klub had a similar bake on Labor day, and this proved so popular that the members planned for other live events to be given from time to time so long as the weather will permit.

Pitching horseshoes and other popular amusements were indulged in by the party enjoying the outing, and no one regretted that they were among the merry-makers.

PASSING OF "RUBE" FIELDS

The North End's Mental Mathematician is Losing His Powers.

A man, white haired, his clothes ragged and his face covered with a several days' growth of beard, was led into police headquarters by a patrolman this morning, says Saturday's Kansas City Star. "Safe keeping," the patrolman said.

The old man is "Rube" Fields, who has been familiar to the North End for many years. In former years "Rube" Fields made a reputation for himself as an expert mental mathematician. Switzerland was also visited, and while in the Alpine country two coaching trips were taken, one to Simplon Pass and the other over the Alps from Martigny to Chammanol.

The customary trip down the Rhine from Mayence was taken while they were in Germany, and on leaving that country they proceeded to Holland, which proved to be one of the most interesting places visited.

Amsterdam and The Hague, where the International Peace Conference is held, were the principal cities visited, where some time was spent.

BILLY ROACH ARRESTED

SO WAS HIS OPPONENT, "KID" MCCOY, AT PARSONS FRI. DAY NIGHT.

WHAT PAPER THERE SAYS OF MILL

The Laws of Kansas Are Rigid in Regard to Prize Fighting, and It Is Possible There May Be Another Chapter.

Here is what the Parsons Eclipse of Saturday had to say about the Roach-McCoy prize fight there Friday night:

The prize fight at the Elks' theater last night between "Roxy" Roach and "Kid" McCoy was broken up by the police after the game had developed from a sparring match to a slugging bout of strenuous character. Both participants were arrested, but later made their escape through the windows and probably got out of the city at once.

The interruption occurred about the third round. The men began the bout in rather a tame manner, as though they were to give a boxing exhibition.

Soon they were slugging desperately. Chief Angelo started down the aisle toward the stage. Before he reached the stage McCoy fell, when Roach kicked him in the head, cutting a considerable gash.

He had on light shoes, however, instead of the usual heavy ring shoes, fortunately for his opponent.

The chief placed the men under arrest and they quietly submitted, apparently.

They were allowed to go into the dressing rooms to remove their trunks and put on their clothing, but they failed to return.

Instead they escaped through windows and have not been seen since. All the officers were present.

It is said that arrests will be made. The state laws are rather rigid in regard to prize fights.

While the audience was small, yet the bout must have brought in a considerable sum, with admission at a dollar.

The Parsons Sun had the following in regard to the fight:

When close to the end of the second round in the prize fight last night between "Roxy" Roach and "Kid" McCoy in the Elks' theater, the former knocked his opponent down and then deliberately kicked him on the head. Because of the foul by Roach the decision was given to McCoy.

Young Kid McCoy, whose real name is Ophie Sackett, came to the west a month ago from McKeesport, Pa. He first landed in Coffeyville, later coming to Parsons. Soon a boxing bout was arranged to take place between him and "Roxy" Roach, the Parsons pugilist who has made a national reputation.

The betting odds among the local sports were in favor of Roach, because from all appearances it seemed that the local pugilist had several advantages over his opponent. "Roxy" Roach has in his ring vocabulary a terrific punch, which is supposed to put any man to sleep, and he was better built.

Young Kid McCoy came to Parsons with a great reputation in the east. He has fought numerous battles, among which was the knockout of Jack McClelland. Young Corbett crawled from a bout with him. Young Kid McCoy was supposed to be a good boxer, light on his feet and a good battler for points. It was not supposed that he had a punch.

In the first ten seconds of the first round it was seen that a battle of even possibilities was on. Young McCoy showed that he was not only light on his feet, but had a terrific punch also, and it was just a little stronger than the punch of "Roxy" Roach. The first round was marked for its fast and fierce hitting. Repeatedly McCoy rushed Roach to the ropes. Clinches were many and the referee had trouble in making the breaks. Roach landed several good

punches, and one on the mouth of McCoy made a telling effect. But the punches of McCoy showed that he had the best of the argument, and that he was in a class just a little higher than Roach.

The second round began with the hard and fast hitting again. Roach was knocked to the sawdust once, and when he arose he was stiff. McCoy rushed him to the ropes many times. When nearing the end of the round Roach landed a right which sent McCoy to the floor, and as the prostrate man attempted to arise, Roach, who had paused a moment, stepped forward and with the right foot kicked McCoy in the head. Immediately there was confusion. McCoy was called out on a foul and Roach lost the fight.

The go between McCoy and Roach was the fastest that has been held in Kansas for some time. By this foul Roach lost many friends who had before been backing him. McCoy showed that he was there with the goods, and his startling surprise as a puncher to the audience of 500 people, showed to them he is a comer. Messers. Kane and McComas, who managed the affair gave a good, clean deal to the contestants.

VICTORY IN TEN DAYS, EH?

PRESIDENT SMALL BELIEVES MR. ROOSEVELT WILL TAKE A HAND.

HAD LARGE MEETING IN CHICAGO

Speaker Points Out Evil Should Offer Arbitration Be Refused—The Men Are Very Enthusiastic.

Chicago, Ill., Sept. 23.—"I have positive inside information that the companies are ready to arbitrate, and I predict to you now that you will all be at work within ten days and that victory will be yours."

This was the information given out by President S. J. Small, of the striking commercial telegraphers at the best attended meeting since the strike was called.

There were loud cries of no arbitration when President Small began speaking, but these grew weaker as he said:

"I think I have heard that cry before, but I want to say something on the other side. If President Roosevelt should ask the companies to arbitrate and they consented, what position would it place you in if you refused?"

"I don't know that you will get a chance to arbitrate," he said as the cries continued. "If Col. Clowry has his way about it you won't be given the chance. But I hope you will give this matter serious consideration. We have had some bitter experiences with arbitration, but if it comes this time with the stamp of the United States government on it, I believe we can afford to accept it."

Although he did not say so, President Small gave the inference that President Roosevelt was in a fair way to end the strike. He said it had already cost the companies \$12,000,000.

Chairman Wesley Russell said the cotton growers of the south were clamoring for better telegraph facilities and that many southern associations had appealed to President Roosevelt. The situation, he said, looked decidedly hopeful.

J. M. Reidy, of Boston, and S. K. Konenkamp, of Pittsburg, members of the national executive board, said the strike would be over in two weeks.

THOSE WHO'RE ENGAGED

A NEW RULE ON FOR CATHOLICS CONTEMPLATING MARRIAGE NOW.

IT IS OF DEEP INTEREST LOCALLY

Beginning Easter Sunday Church Will Require Two Witnesses to Contract for Future Weddings—Order From Pope Pius X.

After next Easter Roman Catholics will have to sign contracts when they engage to marry, says today's Kansas City Times. This is a part of the new matrimonial regulations that Pope Pius X has ordered enforced in America, as they have been in Catholic countries since the council of Trent in the sixteenth century.

At present Catholic churches "publish the bans" several Sundays before a wedding. This consists in an announcement from the pulpit by the priest that the persons are to be married on a certain day. The new marriage regulations require a young man and woman who are engaged to marry to sign a written agreement to that effect in the presence of two witnesses. Then the engagement is binding and is "published in church."

The young people must marry unless they can show the bishop of the diocese in which the agreement was signed a real reason why it should be broken. The bishop may then issue a dispensation and an agreement to break the engagement must be signed by both young people in the presence of two witnesses.

The age for marriage is fixed at 12 years for girls and 18 for boys. This will have little effect in the United States, however, as it was a provision made centuries ago for the benefit of Latin countries in the south of Europe.

"These laws regarding matrimony have been in force in the Catholic countries of Europe and Asia since their publication in the sixteenth century," said Rev. Anton Kuhls, of St. Mary's church, on the west side, last night. Father Kuhls has been studying the marriage regulations and will give a series of Sunday night lectures on them, beginning Oct. 6, in order that his parishioners may understand every detail.

"This country was an unknown wilderness when the council of Trent held its sessions," said Rev. Kuhls. "As the regulations were never published here they have never been enforced. Now the pope desires that the regulations be enforced in the new world and among all Catholics. Easter, 1908, is the date set for the regulations to go into effect."

Other priests said last night that they would also deliver lectures on the marriage regulations.

WOMAN'S ASSAULT WAS CHARGED

Business Men Lead Kuklux Klan Executions Near Whistler, Alabama—Family Slept During Lynching.

Mobile, Ala., Sept. 23.—Peals of thunder and the beating of rain drowning his screams, and the pistol shots of mob executioners, Mike Dossett, a one-legged negro, was lynched at the stroke of midnight within a few feet of his family, sleeping, unwarned, through the barbaric death ordeal, near Whistler, Ala.

The summary vengeance meted out by the mounted posse which quietly dragged Dossett from his bed followed a brutal attack on Mrs. Mary Beeder, aged 82.

Dossett pleaded for mercy, protesting his innocence as a rope was placed about his neck, as he was dragged from his doorway by a masked organization resembling the famous Kuklux Klan, officered by prominent business men.

His bullet-riddled body was dragged into the air within fifty feet of the spot where two negroes paid a like penalty for assault on women last September.

FORMER CITY MARSHAL SHOT

Galena Man Acquitted of Murder Charge May Die of Wounds.

Galena, Kas., Sept. 23.—Former City Marshal Charles Garner was shot through the head and stomach about 10:30 o'clock last night by Ed Jackson, and is not expected to live. Jackson is under arrest.

There has been bad blood between the two men for two years. Garner, when marshal, shot Jackson in the mouth, knocking out a number of his teeth.

Garner was acquitted September 11 of the charge of complicity in the murder and robbery of L. C. Frick at this place May 6. Of the other three originally indicted in connection with the crime, R. D. Booth was recently convicted of second degree murder, and is now in the penitentiary at Lansing.

Of interest in connection with Booth, whose case is to be appealed, is the fact, as stated by Deputy United States Marshal O. P. M. Zimmerman, of the arrest yesterday at Miami, I. T., of Mrs. Emma Nesbit, of that place, who was believed to be personally interested in Booth, and was a constant attendant at his trial.

here. She is arrested in connection with the death of her husband, Fred Nesbit, a man with some money, who was shot and killed at Miami yesterday morning.

Garner is 35 years of age and has a wife and children. Jackson is about 31.

Killed in His Own Home.

Miami, I. T., Sept. 23.—At 2 o'clock Sunday morning Fred Nesbit, a building contractor, who recently moved to this place from Claremore, was shot and instantly killed at his home by two men who aroused him from bed.

Mrs. Nesbit, whose name was recently brought into prominence in the Frick murder trial at Galena, Kas., as the sweetheart of R. D. Booth, for the murder of Frick, the eccentric second-hand dealer, has been arrested and is being held in the federal jail awaiting action of the coroner's jury.

It is said that when Booth was on trial at Galena Mrs. Nesbit sought to obtain money from her husband for his defense, and the couple quarreled violently.

Fine and Costs of \$18.

Clyde Beaman, who in a scuffle with Deputy Constable Phalings Saturday afternoon smashed the window pane in the door leading to Judge Rickman's office, was arraigned for trial in the 'squire's court this morning and pleaded guilty to disturbing the peace. He was fined \$5 and costs, a total of over \$18.

Meet to Arrange a Banquet.

A meeting of the ladies, relatives and friends of members of the Knights of Columbus will be held at Probate Judge Kennedy's office at 3 o'clock tomorrow afternoon to perfect arrangements for the banquet to be given at the Sedalia Printing company hall next Sunday night.

Roach Will Meet McCoy Again.

applied long ago by the Divine Healer. All things must be restored to Christ. His Gospel is as meaningfully today as it was when He stood on the sandy beach by the sea of Galilee, beneath the towering mountains and said to His few disciples, "All power is given to me in heaven and earth."

"His commands to preach His word and make known His truths to the uttermost parts are as binding as they were nineteen centuries ago, and the mighty promises made then must be fulfilled as they have been fulfilled in every age.

"Christianity's lessons are as needful in this enlightened age as they were when pagan Rome was mighty mistress of the land and sea, as they were when the mighty hordes from the fastness of the forest bowed before the head of the church and accepted the civilization offered.

"The wholesome assistance to be imparted at the present time is to recall the principles which revived society in the days of infant Christianity and caused men to give up their passions and evil inclinations which were sanctioned by custom and public opinion."

The address was one that commanded the keenest attention of every person in the audience, and frequently during the talk the auditors were so entranced with the speaker that the noise of a falling pin could be heard in the auditorium.

Several hundred people heard the address, and at its close the most profuse compliments were showered on the reverend bishop who had entertained the audience so pleasantly.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and salivary complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

HOURS IN HIGH SCHOOL

The Cause of a Bitter Fight at Joplin, Missouri.

Joplin, Mo., Sept. 23.—With Supt. E. J. Vert, of the Joplin public schools, stoutly maintaining that his students cannot be excused during study hours for the purpose of taking music lessons, or for any other reason except of great importance, and with the citizens of Joplin, in great numbers, signing petitions requesting the school board to cause the school restrictions to be less rigid, it appears that exciting times are in store for all parties concerned.

At the head of the movement to bring about a change in Prof. Vert's decision is Clay Gregory, secretary of the Joplin Commercial club. He states that the wishes of the majority of citizens should be observed.

Supt. Vert comes from El Paso, Texas, this being his first year in Joplin. He brought with him numerous ideas of his own and in almost every instance he has been successful in influencing the school board to his way of thinking.

Vert maintained that the high school hours of last year, namely from 8:30 a. m. to 1 p. m., with a short intermission for recess, were absurd, and succeeded in bringing about a radical change, the hours this year at the high school being from 8:30 a. m. to 3 p. m., with an intermission in the morning for recess and a long noon interval of almost two hours.

HITCH RACKS ARE GONE Why Our Business Grows

REMOVED THEM FROM FAYETTE COURT HOUSE SQUARE RECENTLY.

THE FARMERS TALK OF BOYCOTT

County Court Called in Extra Session, and the End is Not Yet, as Council is Standing Pat.

Fayette, Mo., Sept. 23.—The city council of Fayette has aroused the ire of the farmers of the surrounding country because of the removal of public hitch racks from around the courthouse square.

The old hitch racks have long been an eye sore and nuisance, but the town hesitated to break the long-established precedent.

The hitch racks were put up years before the war. Opportunity to remove them came during the recent street carnival held here. The streets around the square were roped off for the shows and when the shows disappeared the racks were gone.

In the meantime the city council had built several hitch racks on side streets for the convenience of the farmers who come to town to trade, and also provided public watering troughs.

The farmers have held indignation meetings, passing resolutions condemning the action of the council, and threatening the merchants with a boycott unless the racks were immediately put back in the old places.

The county court was called in extra session in order to cause the arrest of the council and to force the council to action. The county attorney informed the court that that body had no jurisdiction in the matter whatever. This seems to have settled the question so far as forcing the issue is concerned. The city council and the Commercial club have leased two large lots and will build feed sheds to accommodate the visiting farmers.

Within the last year an excellent system of waterworks has been installed, miles of granite walks have been built, new additions opened and many handsome new homes built. The population has almost doubled within the last five years and the value of real estate trebled.

The hitch racks, which were unsightly and unsanitary, were not in keeping with the improvements. Other county-seat towns, Mexico and Fulton notably, had the same fight, but after a few months, when the farmers had become accustomed to the change, they appreciated the efforts which had been made for their convenience.

He returned home today, preserving precious the appendix of a rabbit, killed on Mr. Parberry's farm Sunday.

FIVE GREAT SERVICES

The First Baptist Church Had Them Sunday.

The First Baptist church had five great services yesterday. The Sunday school at 9:30 was life and enthusiasm from start to finish. The sermon at 11 o'clock by Rev. Thomas was a strong appeal for larger visions and endeavors. One young man presented himself for membership.

The church and pastor are now laying plans for 1908. The mass meeting at 4 o'clock at the tent was of great spiritual power, and one woman united with the church.

Last night the tent would not accommodate the people who wanted in. Rev. Thomas' text was, "Where Art Thou?"

In response to his pressing invitations twelve or more came forward, some for prayer and others to join the church, six in all, making eight during the lay.

The meeting will continue through the week, with its usual evening service at 7:30. It has promise of large results. The public is cordially invited.

A GIRL KNIFED A TRAMP

SHE IS THE DAUGHTER OF A SECTION MAN ON THE M., K. & T. RAILWAY.

IT OCCURRED IN WARREN COUNTY

Judging From Blood Upon the Ground Assailant Was Wounded—May Be a Lynching in Event He Is Captured.

Jefferson City, Sept. 23.—Miss Sophia Swoer, daughter of a section foreman on the Missouri, Kansas and Texas railway at Bernheimer, in Warren county, sixty-five miles east of Jefferson City, was assaulted at that place Friday night by a tramp. She is a young woman with both pluck and strength and while she was screaming loudly for help, managed to draw a knife from her pocket and slashed her assailant so severely that he was forced to seek safety in flight.

After drawing a revolver and firing one shot that flew wide of the mark at the girl, the tramp vanished in the woods. In the road where the struggle occurred were pools of blood, indicating the severity of the wounds inflicted by the knife in the hands of the girl.

The whole countryside was aroused in a short time, and all night the fields and woods in the vicinity were beaten by searching parties without effect.

The farmers and the few people of the little town were wrought up to a frenzy of excitement that would have resulted in a lynching had the miscreant been caught.

News of the assault was telegraphed to all points along the line of the Missouri, Kansas and Texas, and a close watch is being kept. It is believed, however, that the fugitive was so badly hurt that he would not get far away.

Bernheimer is but a flag station on the road, but it is in the midst of a rich and thickly populated agricultural district.

The latest information from there is to the effect that the hunt for the tramp is being vigorously prosecuted by a large body of men and that it will go hard with him if caught.

WRECKED MINING PLANT

Dynamiters Destroy Boiler, Pump and Part of Engine.

Joplin, Mo., Sept. 23.—Dynamiters partially wrecked the plant of the Tennessee Mining company at Granby, near Joplin, Saturday, entailing a loss of several thousand dollars.

A charge placed on the boiler wrecked this portion of the equipment. Portions of the engine also were wrecked. There were three distinct explosions heard by residents of the camp. A new pump was destroyed. No clue apparently exists to the perpetrators of the crime, or the motive.

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion, which, when allowed to go uncurd, will develop into a case of dyspepsia that will take a long time to get rid of. Kodol will make your food do you good and will enable you to enjoy what you eat. Sold by Arlington pharmacy.

Killed Thirty-Three Squirrels.

Squirrels abound in great numbers in every wood spot near Lamonte, and one morning during the past week a party composed of Mr. and Mrs. T. L. Terry, Dr. and Mrs. H. C. Mitchell, Miss Marian Davis, Miss Mabel Harris, Clyde Terry and Will Ferrell, in a few hours' time killed thirty-three of the elusive little animals.

Don't be afraid to give Chamberlain's Cough Remedy to your children. It is intended especially for coughs, colds, croup and whooping cough, and it is the best medicine made for these diseases. It contains no opium or other narcotic. For sale by W. E. Bard Drug Co.

AQUILLA JONES GAVE \$5,000

Boone County Citizen Gave Donation to Howard Payne College.

Aquilla Jones, of Hallsville, will give \$5,000 to Howard Payne college, Fayette, says the Columbia Herald. The announcement was made at the opening convocation of this Methodist school for girls this week. His only reservation is one scholarship for a niece in the school.

Mr. Jones is a public spirited citizen of Boone county. He made the new Y. M. C. A. building possible by a gift of \$15,000. He practically supports an orphan's home in St. Louis. He was never married.

The way to get rid of a cold, whether it be a bad cold or just a little one, is to get it out of your system through the bowels. Nearly all cough cures, especially those that contain opiates, are constipating. Kennedy's Laxative Cough Syrup contains no opiates and acts gently on the bowels. Pleasant to take. Sold by Arlington pharmacy.

HOWARD VOTES \$10,000

Money Is to Build New Houses on Poor Farm.

Fayette, Mo., Sept. 23.—At a special election in Howard county the proposition to appropriate \$10,000 for the building of suitable buildings at the county poor farm carried by a heavy vote.

The present quarters for the county's poor are inadequate and overcrowded, it being impossible to give the inmates proper attention.

The state board of charities, of which Miss Mary Perry, of St. Louis, is a member, visited the county farm last summer and recommended that suitable improvements be made. They will be in line with the board's recommendations.

Mosquitoes Bad.

The mosquitoes are circulating extensively over the city, feeding frequently on the dear people, and thriving well thereby. The sting of the mosquito carries with it disease and every precaution should be taken to keep the pest away. Eclipse Mosquito Chaser, obtainable at the Arlington Pharmacy, seems to be about the only remedy that mosquitoes fight shy of.

SALOONS ARE IN A PANIC

MAYOR INVOKES OLD LAW AND
WITHDRAWS LICENSES IN
INDIANA.

TERRE HAUTE HAS BIG SENSATION

The Liquor Interests of the Hoosier
State Are Clamoring for In-
junctions, This Being
Their Only Hope.

Terre Haute, Ind., Sept. 23.—The
recent report of the Indiana Anti-
Saloon league, showing a decrease in
the number of saloons in Indiana un-
der the operation of the Moore law,
by which blanket remonstrances may
be filed by a certain proportion of the
people of a township and which com-
pel county commissioners to refuse
saloon licenses, did not have the
alarming significance to the brewing
and liquor interests that does the
new movement started in Terre
Haute a few weeks ago, by which a
mayor may virtually close all the sa-
loons in a city. Mayor Lyons revoked
the licenses of a half dozen saloon
keepers. He gave them a hearing,
but refused a jury or change of venue,
and after his decision refused an ap-
peal.

Thereupon the big array of lawyers
employed in their behalf hurried to
the superior court and got a restraining
order. Judge Cox heard argu-
ment for the better part of a week,
and will give a decision perhaps Mon-
day, September 23. Already the ac-
tion of the mayor of Terre Haute has
been accepted and acted upon by
other mayors in the state.

The brewing companies say that
one mayor in a city of the second
class, by such autocratic authority,
might curtail the traffic to a greater
extent in one week than the Moore
law has done in several years.

The act of more than two years
ago, amending the Nicholson saloon
closing law, gave the mayor power to
revoke a license, and, according to
Mayor Lyons' construction, the power
is autocratic.

The lawyers for the other side urge
many objections, such as that if he
set as a judge he could not refuse a
change of venue, a jury or an appeal,
and that the old law provided that a
saloon keeper must be twice convicted
before the circuit court could re-
voke his license.

For Mayor Lyons it was contended
that he did not attempt to revoke
the state license, which the circuit
court may revoke, but the city license,
and that the saloon keeper may keep
his county or state license as long as
he pleased.

Mayor Lyons' police had trouble
making cases against the sly saloon
keepers, and his honor found the
short cut out of his difficulties. Al-
though the law under which he has
acted has been in force more than
two years, no attempt was made in
the state until now to call it into
play. But the liquor interests realize
that in the wave of sentiment going
over the state against saloons, there
is danger that mayors will begin
closing saloons right and left as a
political move, against which they
have no protection unless the courts
interpose an injunction.

**Women as Well as Men Are Made
Miserable by Kidney and
Bladder Trouble.**

Kidney trouble preys upon the mind,
discourages and lessens ambition; beauty,
vigor and cheerfulness soon disappear
when the kidneys are
out of order or dis-
eased.

Kidney trouble has
become so prevalent
that it is not uncom-
mon for a child to be
born afflicted with
weak kidneys. If the
child urinates too often, if the urine scalds
the flesh, or if, when the child reaches an
age when it yet should be able to control the
passage, it is yet afflicted with bed-wet-
ting, depend upon it, the cause of the diffi-
culty is kidney trouble, and the first
step should be towards the treatment of
these important organs. This unpleasant
trouble is due to a diseased condition of
the kidneys and bladder and not to a
habit as most people suppose.

Women as well as men are made mis-
erable with kidney and bladder trouble,
and both need the same great remedy.

BIGAMIST'S SIX WIVES

COMPLETE STORY OF THE GEN-
ERAL CUSSEDNESS OF J.
W. KITTRELL.

WAS SENTENCED TO THREE YEARS

A Man Forty Years Old, Who Came of
a Good Family, but Who Had
a Mania for Forming Ma-
rimonial Alliances.

J. W. Kittrell, the bigamist, who
has just been sent to the Missouri
penitentiary for three years from
Marshfield, Mo., an account of which
has been published in the Democrat-
Sentinel, has had a wide matrimonial
career. The Joplin Globe tells as fol-
lows of the latter life of Kittrell:
The Kittrell bigamy trial at
Marshfield only occupied a very brief
time on Wednesday. The defendant,
J. W. Kittrell, who, it will be remem-
bered, was arrested at Prosperity and
taken back to Webster county on a
charge preferred by Nora Lee, found
it best to enter a plea of guilty and
upon that he was sentenced by Judge
Argon Cox to a three-year term in
the penitentiary.

The evidence in the case had been
pretty thoroughly run down by the
officers at Marshfield, and they sat-
isfied themselves that Kittrell, who is
a man little over 40 years old, had
been married six times.

From not one of them had he been
legally separated, and although his
first wife is dead, her decease did
not occur until long after he had
abandoned her and his three chil-
dren, leaving the latter to the mercies
of relatives and strangers, until each
one of them is now in a separate
home, utterly forsaken and uncared
for by their unnatural father.

The name of his first wife was Ida
Bixby, and her three children, aged
at the present time 6, 8 and 10 years,
are living with different families in
Webster county.

Two women whom Kittrell lured
into marriage, resided at the time in
Kansas City, but their names have
at their own request been withheld
from publicity, although they signi-
fied their willingness, if the evi-
dence was needed at the trial, to
respond to a wire and make the trip
to Marshfield without the formality of
a subpoena.

The names of the other three wo-
men with whom Kittrell went
through the formality of a marriage
ceremony, afterwards living with
them for a time were: Mamie Rich-
ardson, of Springfield; Christiana
Hart of Fort Scott, Kan., and Nora
Lee, of Marshfield.

Kittrell lived with Christiana Hart
as his wife for several months in
this city, and Nora Lee was the wo-
man who was his last victim. She
was married to him in Marshfield,
where her parents reside, and who
caused his arrest, after living with
him in Webb City for about two
weeks.

Kittrell's home was in Webster
county, where his father had occu-
pied for several years the position of
justice of the peace, and the family
is one that is well respected in that
vicinity.

It has been the bigamist's plan, it
appears, to use the matrimonial bu-
reaus for the purpose of entrapping
women into the marriage relation.
It was in this way that he obtained
their names, addresses and portraits
and entered into correspondence
with them before visiting them with
an offer of marriage.

This was the plan followed in re-
gard to Nora Lee, an unsophisticated
country girl, whose home was in
Marshfield. Kittrell had not been in
his home county for a long time and
was not readily identified when he
went there for the purpose of making

to her the marriage proposal. After
he had met the young woman he
went to the father and astounded him
with the blunt statement:

"Well, I have come here to take
your daughter away."

"To take her away," repeated the
old man. How do you mean? Do
you mean you are going to marry
her?"

Then when Kittrell told him that
that was what they had arranged,
and that the marriage would take
place right away, the father became
inquisitive and said to him:

"You say your name is Kittrell. Are
you related to 'Squire Kittrell of this
county'?"

But the man refused to be identi-
fied and promptly disowned his own
father; said he had never heard that
there was anyone of his name in
Webster county.

Nora's father told him that he
might be one of the worst scoundrels
on earth, or he might be a very nice
man; but anyway, he thought it
would be better not to be in so much
hurry over so important a step in
life. But Kittrell would hear of no
delay, and so the wedding, in reality
nothing but a mock marriage, took
place as arranged, and it was not
long after that the young woman re-
alized her mistake.

On the day of the trial none of the
women whom he had wronged were
in court. Kittrell had been told by
the officers that they had a cinch as
to his guilt, and were prepared with
plenty of evidence to convict him
without dragging the women into
court. The fellow under these cir-
cumstances was ready enough to en-
ter a plea of guilty. None of his own
family entered any plea in his be-
half, his conduct having been such
as to render them unwilling to ac-
knowledge their relationship with a
man who had wandered so far from
decency and morality as to bring dis-
grace upon them all.

Deputy Marshal Joe McNeal, Frank
Armstrong and Miss May Shipley
were at Marshfield as witnesses
against Kittrell, but their evidence
was not needed as there was no trial.
The fellow had been a well known
carpenter in and around this city
for some two years prior to his ar-
rest, which took place about two
months ago.

DRIVEN FROM THE TOWN

CITIZENS' LEAGUE SLEUTH WAS NOT WANTED AT WORTHINGTON, IND.

HAVING TROUBLE WITH THE "LID"

Saloon Keeper, Facing a Detective's Pistol, Thought Him a Bandit and a Decided Sensation Followed.

Worthington, Ind., Sept. 23.—A sensational raid was made Saturday night on the saloon of George Ingalls by a posse representing the Good Citizens' League, led by Charles B. Rose, a detective from Chicago.

The detective covered the proprietor with a revolver as he was in the act of counting his money. He and his assistants thought it was a hold-up.

Walter Worth, a bartender, attempted to conceal a roll of bills from the supposed robbers, and was fired upon twice and told to throw up his hands. A charge of keeping a gambling house was made against the proprietor of the detective, who was then spirited out of town.

Marshal Calvert pursued and arrested.

REGARDING RAILROADS

TRAVELING MEN HAVE GRIEVANCE AGAINST UNION PACIFIC LINE.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The Travelers' Protective association has filed complaint with the Nebraska railway commission against the Union Pacific railroad, charging that road with refusing to haul any but personal baggage on the Overland Limited trains, and also asking that the road be ordered to place chair cars on the Overland and Los Angeles Limited trains, so that local passengers will not be forced to purchase Pullman seats.

The attention of the commission is also called to the "deplorable indifference and impudence of agents and operators along the Union Pacific," and cites numerous instances to back up their contentions.

An Engineer Was Killed.

"Just a few more trips and I'll quit the road for good," was a remark made several times last week by Engineer James C. Atkinson, aged 55, who contemplated retiring from his position, says a Pine Bluff, Ark., dispatch of the 22d.

Last night, at Stephens, south of Pine Bluff, his train ran into and broke a switch, causing a bad wreck. Atkinson's body was almost unrecognizable, and he will be buried here tomorrow. Fireman E. J. Redding was badly, but not seriously, scalded. The wrecked train was the fast mail between Memphis and Texarkana. Several coaches were badly torn up. No passengers were injured. Atkinson was one of Pine Bluff's wealthiest men. A wife and 7-year-old child survive.

A Bad Wreck Sunday.

Through the derailing of the Washington and Chattanooga limited on the Southern railroad at Ryan's siding early Sunday morning, more than thirty persons were more or less seriously injured, says a Washington, D. C., dispatch. The wreck caught fire almost immediately, and two Pullman cars and a day coach were entirely consumed. The most seriously injured person was George E. Smith, of Alexandria, Va., the conductor of the train. No doubt is felt as to the recovery of all others in the wreck.

Went 75 Miles an Hour.

Officials of the Missouri Pacific railroad insist that they are being persecuted in the state of Missouri with respect to the condition of the company's track and roadbed, says the New York Commercial.

Recently experts were taken over the portions of the track on which the state commission limited the speed to thirty-two miles an hour. The train was run seventy-five miles an hour, and the experts declared they had a fine ride.

BORAH IS NOW ON TRIAL

UNITED STATES SENATOR FACES COURT ON CHARGE OF DEFRAUDING GOVERNMENT.

MANY SENSATIONS ARE PREDICTED

District Attorney Says That Former Governor Steunenberg, Orchard's Victim, Was One of Those Indicted By Grand Jury.

Boise, Idaho, Sept. 23.—The case of United States Senator Borah, charged with conspiracy to defraud the government of timber lands, was called today before Judge Edward Wilson in the United States district court here.

The court room was crowded with spectators and there was an imposing array of counsel on both sides. The government counsel freely predicts a sensation when the evidence is submitted. In the beginning of the trial District Attorney Ruick announced that former governor Frank Steunenberg, who was killed by Harry Orchard, was one of the men indicted with Borah for conspiracy to defraud the government.

MAY FREE QUAIL HUNTER

Efforts Being Made to Secure Liberty of Alleged Train Robber.

Springfield, Mo., Sept. 23.—Jack Kennedy, of Kansas City, the so-called "Quail Hunter," now serving a twenty-five year term in the state penitentiary for holding up a St. Louis and San Francisco train at Macomb, Mo., seven years ago, will soon be free if the efforts of his friends succeed.

J. T. Neville, circuit judge, State Senator F. M. McDavid and Dr. C. B. Elkins went to Jefferson City last night to appeal to the governor to pardon Kennedy. They will, it is stated, claim that Kennedy is innocent, according to new evidence that will be produced.

HELD UP MINISTER

When He Refused to Hold Up His Hands They Shot Him Twice.

Greeley, Colo., Sept. 23.—While walking home from church last night, Rev. Oscar W. Gustafsen, of the Swedish Lutheran church here, was held up by two men, and upon his refusal to hold up his hands one of them shot him in the rib.

The minister then pursued the robbers, when one of them turned and shot him in the neck. It is thought he will recover. A posse is scouring the country for the robbers.
